Bond Rating

Yield figures are as at 29/02/2024. Rounding may cause small differences in percentages included in this document.

\*Past 12 months' distributions as a % of midshare price, excluding preliminary charge.

\*\*We compare the fund's performance to the FTSE All Share Index, however the portfolio manager is not bound or influenced by the index when making investment decisions.

+AMC is charged to capital for all share classes of this fund which could constrain the potential growth of your investment.

\*Synthetic OCF. \*The ongoing charges figure (OCF) includes all appropriate costs that may be deducted from the fund's assets, in line with current regulatory and industry guidance. The OCF includes a synthetic element relating to the costs incurred in underlying collective investment undertakings, where permitted by the Prospectus. The OCF is included in the Annual or Interim report and are calculated biannually.
