Fund Manager Commentary

February saw the FTSE 100, FTSE 250 and FTSE small-cap return -9.7%, -8.6% and -8.7% respectively. The month was dominated by coronavirus fears, which intensified over the significant increase in confirmed cases. Various voices have suggested there is a high likelihood of a reduction in global growth for the year ahead. The Governor of the Bank of England suggested that the outbreak would impact the UK economy in the months to follow, which has raised expectations of an upcoming interest rate reduction. Companies have also increasingly been warning on the impact to profits. Sterling was weaker against the Dollar, on concerns over Brexit negotiations and Britain's future trading relationship with the European Union. Sajid Javid resigned as Chancellor, over disagreements with No. 10 over the appointment of advisers; he was replaced by Rishi Sunak, who will deliver the Budget in March as originally planned. essensys, JTC Plc, MJ Hudson and Sabre Insurance performed well during the month. Falls in Applied Graphene Materials, Sosander Plc, SSP Ground and WPP Plc impacted performance. In terms of portfolio activity, we increased our positions in Provident Financial, Liontrust Asset Management and Sosander Plc. We took profits in Future Plc, Marlowe Plc and JTC Plc.
