1 How do I invest?

Investments can be made via your Adviser. Please contact them for further details. If you do not have an Adviser and require professional financial advice, details of Advisers' firms can be found at unbiased.co.uk.

Investments can also be made via a fund platform. EdenTree funds can be accessed via a number of platforms; please contact them for further information. A fund platform is a service that enables investors to buy and manage their investments simply online. EdenTree funds are available on most large platforms. A platform allows an investor to manage and have a consolidated view of all of their investments (dependent on the platform). Some platforms only allow investments to be transacted and maintained via an intermediary.

You can also invest directly with EdenTree. Our funds are available should you wish to invest with us directly. You are also able to invest directly within a Stocks and Shares ISA. Further information is available below.

2 How do I obtain literature, application forms, KIIDs, fund and prospectus information, and 'how we invest' documents?

All details can be found on our website [here](#).

3 Where do I find information on EdenTree's investment approach and sustainable disclosure information?

Sustainable disclosure information for our funds can be found [here](#). Information regarding our approach to investing can be found at our website [here](#).

4 How do I find out what charges apply?

Key Investor Information Documents (KIIDs) provide details of all charges, which will vary based on the fund and the medium used to invest.

Direct investors

We do not apply a charge on initial investments or subsequent top-ups. We do apply an annual management fee, which is shown in the KIID. This is taken from the fund.

NOTE – The Annual Management Charge may be higher than the charges applied by a platform, which is due to the additional regulatory and administrative costs associated with direct investment accounts.

Platform investors

If investing via a platform, please note that following the Retail Distribution Review, individual platform fees can no longer be met from the fund. You will need to check the platform website for details of these charges as they may vary between platforms and are not disclosed in the KIID.

5 How do I set up an investment account?

Settlement for purchases need to be made on the due settlement date, as confirmed on the contract note; this is currently trade date +4 days.

Should you send the investment monies at a later date, you may be required to confirm the dealing instructions by telephone or fax, in addition to the application form.

To open a Stocks and Shares ISA, you will need to be a resident in the UK for tax purposes and you will need your National Insurance number.

You can split your allowance any way you like across a Stocks and Shares ISA and a Cash ISA, as long as you stay within your ISA limit, and do not subscribe to more than one Stocks and Shares and one Cash ISA in the same tax year. For example, you could put £15,000 into your Stocks and Shares ISA and the remaining £5,000 into a Cash ISA with another provider in the same tax year.

23 Why do you require Tax Residency information?

Tax regulations require us to collect information about each investor's tax residency; we may be obliged to share details of your account with HMRC.

24 What are FATCA and common reporting standards?

Both of the above are tax regulations that have been created to enable the automatic exchange of information to improve International Tax compliance. Information provided may be shared with the relevant tax authority, which may be HMRC or an overseas tax authority depending on where you live and where you pay tax. Individuals who fall into these categories will be asked to provide their TIN (Tax Identification Number).

FATCA refers to the Foreign Account Tax Compliance Act, a US law that requires all non-US foreign institutions to provide details of assets held by them on behalf of any individuals who are identified as being US persons — this is for tax purposes and is reported to the US Treasury.

CDOT/CRS refers to Crown Dependencies and its Overseas Territories and the Common Reporting Standards for automatic exchange of financial account information. As with FATCA, this allows the sharing of tax information between certain countries that have signed the agreement. Individuals who fall into the category will be asked to provide their TIN (Tax Identification Number).

**AML – EdenTree is bound by Anti Money Laundering Regulations (2007 as amended) and is required to confirm the identity of individuals and confirm their residential address. To certify a document, the original document needs to be seen and copies taken and signed by a lawyer/solicitor or an accountant or an authorised individual (Intermediary).*

If you have any questions about your tax status or situation you should speak to a tax specialist.

25 Why do you require Tax Residency information?

Your Adviser or the Platform will be able to provide you with a full list of all available funds and products. Fund information is also available via our website [edentreeim.com](https://www.edentreeim.com).

26 How do I review performance of funds?

Refer to the Factsheets on the website for information on performance [here](#).

27 How do I check daily prices?

These are available on our website under each individual fund for the previous business day. They are also published on a daily basis in the Financial Times.

28 Who do I speak to about fund performance?

Please contact your Adviser. If you manage your investments yourself you can call us on 0800 011 3821 or email clientservice@edentreeim.com.

29 How do I transfer my EdenTree ISA to another ISA provider?

Contact your new plan provider who will provide you with the relevant documentation. Your new plan provider will then liaise with EdenTree to arrange for the ISA to be transferred.

30 How do I transfer my ISA into EdenTree?

Please contact your Adviser. If investing without an Adviser, application forms are available via our website under the [literature tab](#).

31 How do I convert my investment account to an ISA?

If you do not already have an ISA account with us, complete an ISA application form. Provide a written and signed instruction, include your name, address and account number. The instruction should clearly request the exact number of shares or monetary amount that should be used from your existing investment account, and that the units/proceeds should be invested into an ISA.

On receipt of your instruction, a switch or sale of shares (should fund election differ) will be placed to move your Investment Fund holding to an ISA, this will take place on the same day.

32 What happens to my ISA if I leave the UK/cease to be eligible?

Existing holdings can remain within the wrapper, but once we are advised of an overseas address, we will stop any regular savings contribution.

Dividend income can continue to be reinvested into the ISA.

Your investment will remain in the ISA wrapper but you will be unable to increase the amount.

33 How do I apply to transfer the ISA investment and/or allowance held in the name of my deceased spouse/civil partner to my own name?

Following the Budget in 2015, changes to the ISA rules were announced, which meant that ISA investments no longer have to be realised on death where there is a surviving spouse or civil partner.

Where an ISA holder dies, their surviving spouse or civil partner will now be able to inherit their ISA tax benefits. This will be in the form of an additional allowance equal to the value of the ISA at the holder's death, if the investor died before 5 April 2018 (see below if on or after this date), and will be in addition to the survivor's own ISA allowance. For example, if an ISA holder dies in March 2016 leaving an ISA valued at £25,000 at the date of their death, their spouse/civil partner will be entitled to an ISA allowance in the 2017/18 tax year of £45,000 – their 2017/8 annual ISA allowance of £20,000 plus an inherited allowance of £25,000. The value can be either the value of the deceased's ISA at their date of death, or the point the ISA ceased to be a continuing account of a deceased investor, if the investor died on or after 6 April 2018 (see below).

Spouses will be able to claim this additional allowance from 6 April 2015 for 3 years from the date of death. They will be entitled to the allowance even if the ISA assets are left to someone else in the will or are used to meet expenses from the estate. No one else will be entitled to this allowance, even if they have received the assets from the ISA.

Please contact us either by telephone on 0800 011 3821 or email edentreequeries@ntrs.com and we will provide you with the relevant forms for completion.

There are no charges applied when transferring holdings from an existing ISA holding into the name of their surviving spouse or civil partner.

IFAs will need to check with their respective platforms to understand how platforms will process and record deceased customer transfers.

34 Continuing account of a deceased investor in an ISA

Where an ISA investor dies, any ISA held will be designated a “continuing account of a deceased investor”. An account will remain a continuing account of a deceased investor until the earlier of:

- The completion of the administration of the deceased’s estate
- The closure of the account
- The third anniversary of the death of the account investor

Funds held within a continuing account of a deceased investor continue to benefit from ISA tax advantages. Any interest, dividends or gains in respect of investments in a continuing account of a deceased investor are exempt from tax.

A continuing account of a deceased investor cannot be transferred to an alternate ISA manager.

If after a period of three years, the administration of the account is ongoing and the account has not been closed, the account will cease to be a continuing account of a deceased investor. In these circumstances, on the next working day following the third anniversary of the deceased’s death, we will remove the ISA wrapper from the account and all subsequent income or gains will then become taxable in the hands of the estate.

35 When will I receive statements and transaction summaries?

They are generated as at 5 April and 5 October and sent within 25 business days of production.

60 FATCA and CRS requirements

Foreign Account Tax Compliance Act (FATCA)

The FATCA requirements relate to US taxpayers. It requires tax authorities to obtain detailed information for US taxpayers on an annual basis.

FATCA is intended to increase transparency for the Internal Revenue Service (IRS) with respect to US persons that may be investing and earning income through non-US institutions.

You will be asked to provide this information when you invest. If this information is not provided your investment instruction may be rejected.

Information is only required if you are a US resident or entity or are classified as such for tax purposes.

Common Reporting Standard (CRS)

Why are we asking for information relating to your tax status?

Governments around the world have introduced a new reporting requirement for all financial institutions known as the Common Reporting Standard (CRS). This is a global reporting standard for the automatic exchange of information to allow tax authorities to obtain a clearer understanding of financial assets held abroad by their residents for tax purposes.

In line with this new regulation, we are required to determine where you are resident for tax purposes (i.e. where you are liable to pay income taxes). If you are resident outside of the UK, we may need to give HMRC this information, together with information relating to your accounts. HMRC may then share this information with different countries' tax authorities.

You will be asked to provide this information when you invest. If this information is not provided your investment instruction may be rejected.

61 How do I notify you of a temporary or permanent requirement for additional assistance?

We appreciate that some investors may at times require additional support or assistance. If you have any additional requirements, (for example, need your documents to be provided in large print), you can notify us by either telephoning us on 0800 358 3010 or by writing to us at EdenTree Investment Management Limited, Sunderland, SR43 4AU.
