Financial Objective

To generate income with the potential for capital growth by investing in infrastructure-related companies around the globe.

Sustainability Objective

To support a reduction in the level of greenhouse gas emissions, measured in tonnes of CO2e avoided on an annual basis, through the Fund's investment in, and engagement with, companies whose business is based on the ownership, operation, construction, development, or debt funding of real assets and infrastructure projects that mitigate the effects of climate change. This includes products and services that reduce the global economy's reliance on fossil fuels, increase energy efficiency, offer alternative energy sources, or improve the sustainable use of natural resources.
